# Mama, Why

*Grace's song | Heartstrings Studio*

### VERSE 1

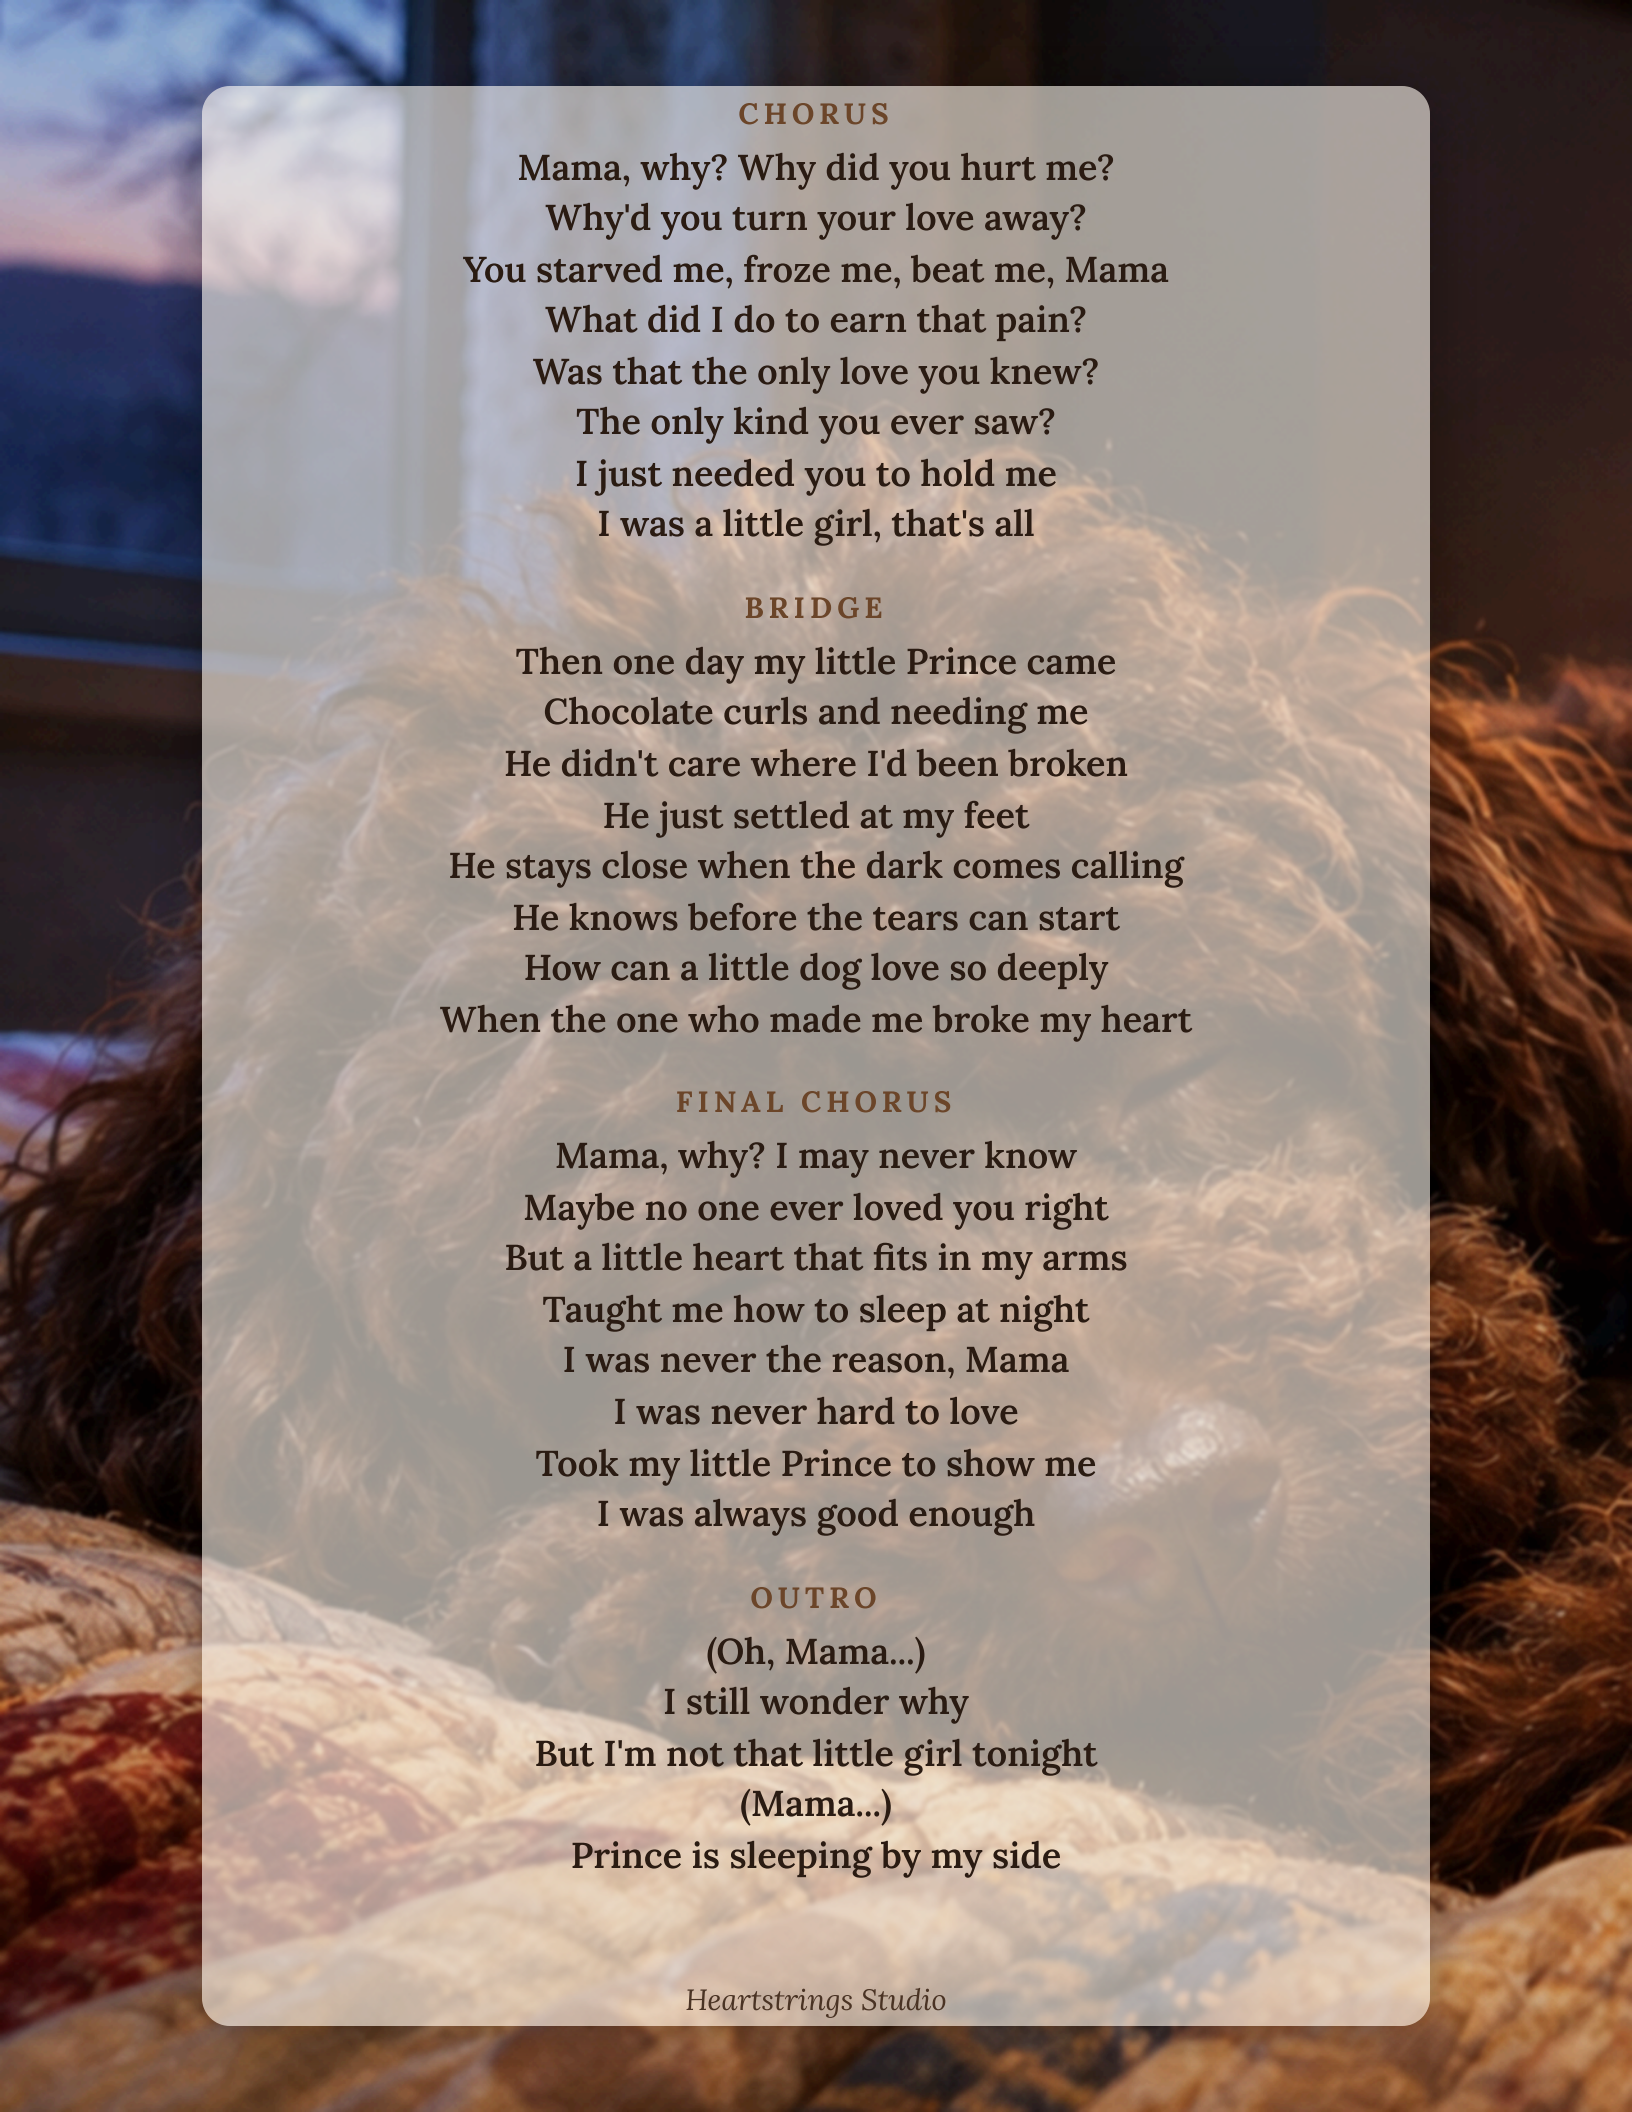

I was five years old and hungry
In a kitchen with the cupboards bare
I learned the sound of your footsteps
Learned to act like I wasn't there
God put me in your keeping
Gave you a child to hold and raise
But all I ever held was winter
And the bruises of those days

### CHORUS

Mama, why? Why did you hurt me?
Why'd you turn your love away?
You starved me, froze me, beat me, Mama
What did I do to earn that pain?
Was that the only love you knew?
The only kind you ever saw?
I just needed you to hold me
I was a little girl, that's all

### VERSE 2

I grew up and I kept running
But the storm still followed me
I kept finding hands that looked like yours
Thinking that's what love should be
I flinch when someone's voice gets raised
I leave the hallway light on still
They call it PTSD now
I just call it how I feel

## CHORUS

Mama, why? Why did you hurt me?
Why'd you turn your love away?
You starved me, froze me, beat me, Mama
What did I do to earn that pain?
Was that the only love you knew?
The only kind you ever saw?
I just needed you to hold me
I was a little girl, that's all

## BRIDGE

Then one day my little Prince came
Chocolate curls and needing me
He didn't care where I'd been broken
He just settled at my feet
He stays close when the dark comes calling
He knows before the tears can start
How can a little dog love so deeply
When the one who made me broke my heart

## FINAL CHORUS

Mama, why? I may never know
Maybe no one ever loved you right
But a little heart that fits in my arms
Taught me how to sleep at night
I was never the reason, Mama
I was never hard to love
Took my little Prince to show me
I was always good enough

## OUTRO

(Oh, Mama...)
I still wonder why
But I'm not that little girl tonight
(Mama...)
Prince is sleeping by my side
